Tally Lake Ranger District Schedules Open House

KALISPELL, MONTANA – The Tally Lake Ranger District is inviting the public to an open house to discuss the Lost Beetle Project. The proposed project area will respond to the Healthy Forest Restoration Act (HFRA) by reducing forest fuel accumulations from dead and dying trees within the Wildland Urban Interface (WUI).

This project will occur in an insect and disease area designated under section 602 and 603 of the Healthy Forest Restoration Act (HFRA). One objective of this project will be to reduce the risk or extent of, or increase resilience to, insect and disease infestations within forested public lands.

The open house will take place on June 30th, 2015 from 5:00-7:00p.m. at the Flathead National Forest/Tally Lake District office located at 650 Wolfpack Way, Kalispell, Montana.

For additional information about this open house, contact Deb Bond, Project Team leader at (406) 758-5318 or dbond01@fs.fed.us.
